

Routine use encourages forced AOT, NY study did not show improved outcomes, voluntary effective w/ less expense, forced treatment unproductive (citations)

2020

AB-1976 (Eggman)
Opt Out, No Sunset

2014

AB-2266 (Waldron)
Max imposed 1 year

(585) coercion compromises client/practitioner trust

2013

SB-585 (Steinberg)
MHSA funding for pilot

AB-1265 (Conway)
Max imposed 1 year

(1265)fund via country budget prevent discussion, coercion compromises client/practitioner trust (CCHR)drug-based treatments leads individuals to carry out violent acts, and that making more money available for counties to provide these treatments will increase the number of rights violations exponentially.

(2134)(CCHR) bill would include psychiatric emergency response teams as well as forced psychiatric drugging of mental health outpatients

2012

AB-2134 (Chesbro)
counties develop best practices

AB-1569 (Allen)
Extend pilot thru 2017

(1569)involuntary outpatient treatment often counterproductive, AB 1421 no significant achievements only implemented in one and a half counties

bill require expensive study, not needed, already studied extensively

2008

AB-1606 (Yee)
Study those fail meet AOT eligibility

Give alternatives a chance before denying rights

2006

AB-2357 (Yee)
Extend pilot thru 2013

Coercive not voluntary, additional bureaucracy, county standards differ

2002

AB-1421 (Thompson)
Initial AOT pilot bill
